Statement

Diversity and Inclusion is of critical importance to our business and at Mitsubishi Electric we apply equal pay for all employees. Our gender pay gap figures reflect the current reality that we have more men than women in senior roles within the organisation; and whilst we wholly support the government's efforts to address this issue, there is no quick fix. However, we are committed and determined, to improve the gender representation and build a diverse and inclusive workforce across our business.

I, Shunji Kurita, President and CEO, confirm that the information in this statement is accurate.
